October 9, 2008

To Whom It May Concern:

I am writing in support and recommendation of Jo Sallins.

Jo made an enormously valuable contribution to the Roxbury-Goddard Youth Intensive in August of 2008. He is a gifted musician, and his musical mastery was matched by a creative generosity which brought out the best in the young participants of the program.

I would be delighted to have his participation in this project next year and into the future. And I believe you will be equally pleased with Jo's performance in whatever artistic endeavors you and your organization produce.

Sincerely,

Mark Schulman, President
Goddard College
